

Summertime With Beverly
-John Hoty

As the humidity seeps in and the sunshine blares overhead, it's calming to know that we can all seek refuge in the cool and calming embrace of **Beverly's La Croisette**. Renown for their versatile menu and affable charms, **Beverly's** (7401 Gulf Boulevard) has no problem retaining its crown season after season for what is clearly the best breakfast on the beach. How could it possibly get better this summer, you ask...?

As our economy falters, local gas and food prices continue to rise. Many of our favorite beach hangouts and eateries have been hit hard, and as a result, so have their customers who can clearly see jumps in both drink and food prices. But NOT at Beverly's. We all know and love proprietor Beverly Pedaggi for her undying devotion to the friends, locals and neighbors who have kept her cozy kitchen open seven days a week for almost 20 years now. She and her familial staff work tirelessly each day to keep **Beverly's** as we have always known it: a blissful beach sanctuary that serves up the most sumptuous morning entrees that St. Pete Beach has ever seen... all at the same low prices they have always been. Beverly and her team adore all of their regulars and together they share in our hard times and struggles, so it is no surprise that they continue to open their doors each day with that same welcome of winning smiles and gratitude that made them all a part of our morning family.

Expect no changes or funny business here at **Beverly's** as you return to enjoy the fresh morning air with your friends and neighbors for what is inarguably the most delightful breakfast eatery in the Sunshine State. All your favorite dishes and signature treats are still made fresh to order every morning – waffles, croissants, French toast, famous home fries, folded omelets, eggs Benedict – served up by a staff of the warmest and friendliest faces you're likely to see so early in the day. All part of **Beverly's** trademark courtesies and indulgences.

Open seven days a week from 6:30am to 2pm (and serving lunch every day but Sunday), **Beverly's La Croisette** is your ideal summertime cornerstone for starting each new day with a hearty breakfast among great friends and neighbors. As we all struggle to stay afloat out there during these harsh economical times, it's a great luxury to know that our family at **Beverly's** is ready to welcome us in and help us forget by treating us to the way it should always be.
